# SpotLog

SpotLog is an app and website for Trainspotters that runs on Android smartphones, iPhones and iPads. The SpotLog app allows you to record loco and unit numbers, keep a log of trains seen and mark the sightings off in the app's 'book' section. The SpotLog website includes a database of railway vehicles, including locomotives, carriages, multiple units, trams and metros. The data covers the UK and many European railway networks.

SpotLog data is maintained and updated by SpotLog users from many different data sources. SpotLog data is not official and makes no claims to accuracy. The data in the website and app is offered on face value. The SpotLog team makes every effort to keep the data accurate and up to date and accepts no liability for inaccuracies. We are always happy to receive corrections and updates through the SpotLog website or by email to [updates@spotlog.org](mailto:updates@spotlog.org)

# BLS: BLS Lötschbergbahn

BLS is the largest Swiss private rail operator and owns the Lotschberg route from Berne south through the Lotschberg and Simplon tunnels toward Italy.

BLS loco's and stock operate widely over other parts of Switzerland as well as into Germany and other neighbouring countries.

## Fleet List : Rolling stock of BLS

Locomotives and multiple units of Swiss operator: BLS.
