SpotLog

SpotLog is an app and website for Trainspotters that runs on Android smartphones iPhones and iPads. The SpotLog app allows you to record loco and unit numbers, keep a log of trains seen and mark the sightings off in the app's 'book' section. The SpotLog website includes a database of railway vehicles, including locomotives, carriages, multiple units, trams and metros. The data covers the UK and many European railway networks.

SpotLog data is maintained and updated by SpotLog users from many different data sources. SpotLog data is not offical and makes no claims to accuracy. The data in the website and app is offered on face value. The SpotLog team makes every effort to keep the data accurate and uptodate and accepts no liability for inaccuracies. We are always happy to receive corrections and updates through the SpotLog website or by email to updates@spotlog.org

https://spotlog.org

About this document

This PDF document was generated from the SpotLog database on 10/20/2025.

SpotLog data is regularly updated, check the website for latest data and updates.

UKPCS: UK Preserved Coaching Stock

This set is steadily growing but does not yet cover all preserved railways and coaching items.

Items are organised by the "Big Four" companies, MK1, MK2 and MK3 etc.

Class names generally conform to the pattern {Constituent Railway/CME} {Classification} {Diagram} eg "GSWR TK (42)" is a Glasgow and South Western Railway Corridor Third, built to diagram 42.

Sleeper

Clerestory Day/Sleeper pullman car

Built but Pullman company in Detroit, one of four originally ordered by French railway, but later sold to Midland Railway.

Later used by GNR and then Highland railway (hence "Balmoral"). Some parts from sister coach "Dunrobin".

Originally six wheel, later bogies.

Introduced	1882

Number	Name	Base
GNR3	Balmoral	Embsay & Bolton Abbey Steam Railway
